

SAFETY FIRST

Safe transportation tips

- * Bring wastes in original or hand-labeled containers with caps and lids fully tightened or secured. **Never mix hazardous wastes together.**
- * Place waste containers in sturdy boxes and place newspaper or cardboard between them. Wrap leaking containers in newspaper and place in separate, **clear** plastic bags.
- * Transport wastes as far from passengers as possible. Keep your vehicle well ventilated. Secure the load to prevent shifting during transport.
- * Do not eat, drink, or smoke while packing, transporting, or dropping off hazardous waste.
- * At the collection site, **REMAIN IN YOUR CAR.** Trained personnel will unload your vehicle.

Attention Small Businesses!

We are now able to accept wastes from Conditionally Exempt Small Quantity Generators (CESQG). Only household waste can be accepted at the collection events.

How do you know if you are a CESQG? Contact the office **(616) 527-2098 ext 101**, melissa.eldridge@mi.nacdnet.net, or go online: www.ioniacd.org

CESQGs will be charged for disposal.

How can I help?

We rely on volunteers to help conduct our special collections. If you are interested in volunteering or would like more information, please contact our office.

Want to lend a hand but you don't have the time?

DONATE!

Disposal costs an average of \$46 per participant or \$1 per pound of waste. Donations are accepted at the collections, are tax-deductible, and are greatly appreciated.

You don't have to wait to recycle cell phones, batteries (non-auto), and printer cartridges. You can drop them off at these locations during regular business hours. Call if you need more information.

- ◆ MSU Extension Office
- ◆ Ionia Conservation District
- ◆ Ionia County Health Dept.*

*Only battery recycling at this location.

**THERE ARE MANY OTHERS!
JUST CALL (616) 527-2098 AND ASK!**

What can I do with my latex paint?

Latex paint can be easily dried out and
disposed of, with the lid off, in
your regular trash. To aid the
drying process, mix in scoopable
kitty litter, sawdust, or other
absorbent material to help soak
up the excess liquid quickly.

Electronic Collection

April 16, 2022

September 17, 2022

8am—noon
